OTHER

Place of Birth: Istanbul

Date of Birth: 1955

Language Skills: English, German

Career:

- In 1987, he assumed the title of Associate Professor while he was a Neurology Subspecialist at Erciyes University. After completing his military service in 1988-1989, due to his interest and dedication in epilepsy, he was awarded with epilepsy fellowship scholar by "Michael

Stiftung” in Bonn University Epileptology Clinic in 1989-1990. There he has gained experience in video-EEG monitoring, intracranial EEG recording and presurgical evaluation of epilepsy.

- He started to perform pre-surgical evaluation and epilepsy surgery in Erciyes University epilepsy unit in 1994 with neurosurgery collaboration that could be performed in a few centers throughout Turkey. He has also visited as guest professor Columbia University Comprehensive Epilepsy Center for collaborative studies in 2004.
- He was also assumed with Clinical Neurophysiology Subspecialist title in 2010 due to his previous and ongoing work in the field.
- He is currently the head of Department of Neurology at Acibadem University Medical Faculty where he began to work in 2006.
