

**Prof. Dr. Nigar Pelin Oğuzkurt**

Pediatric Surgery

Medical Park Hospital Bahçelievler

**Medical Field of Interest and Activities**

Pediatric urology

Neonatal surgery

Thoracic surgery

Childhood solid tumors

Gastrointestinal diseases

Trauma

Endoscopic procedures

**Work Experience and Education**

Hacettepe University Medical School, Department of Pediatric Surgery of the EU, Ankara

Specialist Physicians

Observer, Erasmus University, Sophia Children's Hospital Department of Pediatric Urology, Rotterdam, The Netherlands

Baskent University, Adana Teaching and Research Center, Department of Pediatric Surgery, Specialist Doctors and Asst Prof.

Baskent University, Adana Teaching and Research Center, Department of Pediatric Associate Professor of Pediatric Surgery

Surgery,

Professor of Pediatric Surgery

**Memberships**

Turkey Association of Pediatric Surgery

Pediatric Urological Association

Turkish Medical Association

**Journal Editorships, Publication and Scientific Advisory Board Membership**

Journal of Pediatric Surgery

**Researches and Publications**

Variations in apparent diffusion coefficient values following chemotherapy in pediatric neuroblastoma. 2014

Solid variant of aneurysmal bone cyst of the rib presenting as a left intrathoracic mass without radiological bone destruction. 2014

Complications of total implantable access ports and efficacy of Taurolidine-citrate lock solution against catheter-related infections. 2014

Gezer ÖG, Oğuzkurt P, Temiz A, Bolat AB, Hiçsönmez A Pediatr Neonatol. 2014

Hypertrophic pyloric stenosis in twins; genetic or environmental factors. 2014

Comparative effects of different sclerosing agents used to treat rectal prolapse: an experimental study in rats. 2013

Xanthogranulomatous orchiepididymitis: a very uncommon cause of scrotal mass in childhood. 2013

Congenital leiomyoma of the distal ileum associated with ileal atresia: a case report. 2013

Different clinical presentations, diagnostic difficulties, and management of cecal duplication. 2013

Solid breast masses in female adolescents. 2013

Predictability of outcome of caustic ingestion by esophagogastroduodenoscopy in children. 2012

Management of pyloric stricture in children: endoscopic balloon dilatation and surgery. 2012

Foreign body aspiration in children: analysis of diagnostic criteria and accurate time for bronchoscopy. 2011

Diagnostic difficulties in esophageal atresia with proximal and distal tracheoesophageal fistula: a case report. 2010

Long-term management of corrosive esophageal stricture with balloon dilation in children. 2010

Bilateral chylothorax after blunt thoracic trauma: a case report. 2009

Perianal abscess and fistula-in-ano in children: aetiology, management and outcome. 2010

Primary vaginal calculus secondary to urethrovaginal fistula with imperforate hymen in a 6-year-old girl. 2009

Prenatal diagnosis of a mass in the adrenal region that proved to be a teratoma. 2009

An uncommon presenting sign of Langerhans cell histiocytosis: focal perianal lesions without systemic involvement. 2008

Percutaneous treatment of portal vein thrombosis in a child who has undergone splenectomy. 2008

Evaluation of the results of eccentric circummeatal-based flap with combined limited urethral mobilization technique for distal hypospadias repair. 2008 Epub 2008 Jan 14.

Use of balloon-expandable metallic stent in a premature infant with congenital tracheobronchial stenosis. 2008

Evaluation of extracellular matrix protein composition in sacs associated with undescended testis, hydrocele, inguinal hernia, and peritoneum. 2007

A Rare but Serious Complication of Ladd's Procedure: Recurrent Midgut Volvulus. 2007

Unusual case of bladder duplication: complete duplication in coronal plane with single urethra and no associated anomalies. 2006

Giant renal hydatid cyst resembling a simple cyst: an intraoperative diagnosis. 2005

An unusual cause of complete distal ureteral obstruction: giant fibroepithelial polyp. 2004

An unusual cause of acute abdomen: torsion of colonic duplication over a duplicated appendix. 2004

Spontaneous regression and reaccumulation of pleural effusion in a fetus. A case report. 2004

Ectopic adrenal tissue: an incidental finding during inguinoscrotal operations in children. 2002

Transanastomotic stents for dismembered pyeloplasty in children. 2002

A huge gastric stromal tumor in a 13-year-old girl. 2002

The role of heterotopic gastric mucosa with or without colonization of *Helicobacter pylori* upon the diverse symptomatology of Meckel's diverticulum in children. 2001

Sliding appendiceal inguinal hernia with a congenital fibrovascular band connecting the appendix vermiformis to the right testis. 2001

Anterior abdominal wall malignant peripheral nerve sheath tumor in an infant. 2001

Cystic Meckel's diverticulum: A rare cause of cystic pelvic mass presenting with urinary symptoms. 2001

Mesenteric vascular occlusion resulting in intestinal necrosis in children. 2000

Polyarteritis nodosa involving the hepatobiliary system in an eight-year-old girl with a previous diagnosis of familial Mediterranean fever. 2000

An uncommon association of H-type tracheoesophageal fistula with infantile hypertrophic pyloric stenosis. 1999

A rare coexistence of two gastric outlet obstructive lesions: infantile hypertrophic pyloric stenosis and organoaxial gastric volvulus. 2000

Diagnostic difficulties in neuronal intestinal dysplasia and segmental colitis. 2000

Vaginal atresia and Bardet-Biedl syndrome association: a component or a distinct entity? 1999

Acute scrotum due to epididymo-orchitis associated with vasal anomalies in children with anorectal malformations. 1998

The effects of vasodilatation and chemical sympathectomy on spermatogenesis after unilateral testicular torsion: a flow cytometric DNA analysis. 1998

Multiple atresias with extensive intraluminal calcifications in a newborn with cystic fibrosis. 1998

Splenic leiomyoma: an uncommon localization. 1996

Umbilical polyp originating from urachal remnants. 1996

Increased risk of pyogenic liver abscess in children with Papillon-Lefevre syndrome. 1996

Primary omental torsion in a 6-year-old girl. 1995
