Education

Cerrahpasa Medical Faculty 1994-1999

Orthopaedics and Traumatology Specialty

Marmara Medical Faculty 1988-1994

Doctor of Medicine , Internship

Experience

Istanbul Esnaf Hospital 1999-2003

Staff Surgeon

Medical Park Hospital 2003-2012

Staff Surgeon and Consultant

BAU Medical Faculty 2012-

Ass. Professor, Orthopaedics and Traumatology

Skills

Orthopaedics sports medicine-I am the Orthopaedic consultant of national super league football teams Kasimpasa and Buyuksehir belediyespor and responsible for the treatment of more than 3000 sportsmen and athletes since 2006. I have performed arthroscopic knee surgeries (meniscal repairs, ACL , PCL recons, cartilage repairs) , arthroscopic shoulder surgeries (rotator cuff repairs, Bankart repairs adhesive capsulitis, SLAP repairs, subacromial decompressions, coracoacromial reconstructions), elbow arthroscopy (Tennis elbow , releases, coronoid fixations, cartilage repairs,) arthroscopic ankle surgeries (cartilage repairs, hinfoot arthroscopy, impingement syndromes), hip arthroscopies (impingement syndromes).

Arthroplasty I have performed primary total and partial knee replacements on 2500 patients, primary total hip replacements on 980 patients, partial hip replacements on 600 patients, total and partial shoulder replacements on 35 patients, total ankle placement on 3 patients, and performed many referred revision

surgeries.

Orthopaedic Oncology I have been working with countries' one of the leading orthopaedic oncology surgery professors for 9 years and performed 940 musculoskeletal bone and soft tissue benign and malignant tumors. I have performed many ct and ultrasound guided biopsies. I have involved in many limb saving reconstruction surgeries. I have involved in many sacrectomies and spine surgeries as a team member.

Traumatology I am the consultant surgeon of emergency departments of Medical Park Hospital. Lately I have involved in the treatment of more than 200 Libian war victim casualties. I have performed open and closed technique fracture treatments including limb lengthening and complex reconstruction since 1999. (open and MISS plate fixations, intramedullary nail placements, etc.)

Other I have performed hallux valgus, rigidus, pes planus corrective, high tibial and distal and proximal femoral osteotomies, deformity correction operations, nerve entrapment releases (carpal, cubital, peroneal, tarsal), metacarpal metatarsal femoral and tibial lengthenings, pediatric congenital hip dysplasia operations, club foot corrections by ponseti.

Publications

1. Radiographic and pathological stages of the changes at the bone cement interface: an in vivo experimental study Aksu N, Seyahi A, **Aksu T**, Oztürk C, Dervişoğlu S, Murat Hiz VM. Arch Orthop Trauma Surg. 2008 Oct;128(10):1187-91. 2008 Jun 17.

2. Hot saline irrigation as an alternative local adjuvant therapy in local aggressive bone tumors. Aksu N, Hiz VM, Bilgili M, Düzgün O, **Aksu T**, Dervişoğlu S. Acta Orthop Traumatol Turc. 2007;41(3):225-32.

3. Comparison of temperature increments in bone cavities induced by methylmethacrylate and heated saline solution. Aksu N, Hiz VM, Bilgili MG, **Aksu T**, Düzgün O. Acta Orthop Traumatol Turc. 2003;37(5):386-94.

4. Comparison of the Soft Tissue Methods in idiopathic Clubfoot. Centel T, Bagatur E, Ogut T, **Aksu T**. Journal of Pediatric Orthopaedics Vol.20, No.5, 648-651, September-October 2000.
